

Croatia battery energy storage project construction

The Croatian government has allocated almost EUR20 million (\$23.2 million) of European Union Modernization Fund grants to help complete a 60 MW/120 MWh battery energy storage system (BESS) at an aluminum rolling mill site days after plans were revealed for a utility-scale battery storage system in the Serbian city of Leskovac. Croatia first grid-scale battery storage and virtual power plant Oct 22,  &#; The European Bank for Reconstruction and Development (EBRD) is providing a direct equity investment of up to EUR16.8 million in IE-Energy Projekt, a newly established Plans announced for 245 MWh of battery storage projects in Croatia Oct 13,  &#; The Croatian battery news came in the wake of plans for a standalone utility-scale battery storage system in Serbia. The office of the Mayor of Leskovac revealed plans for a 125 Croatia building first grid-connected battery storage near Oct 27,  &#; Croatia's first battery energy storage facility connected to the national transmission grid is taking shape near Sibenik, marking a significant step in modernising the country's Croatia battery storage: Impressive 60 MW System Backed Oct 24,  &#; The project involves the construction of a sophisticated 60 MW battery energy storage system (BESS) combined with a virtual power plant (VPP) in Sibenik. Croatia launches major battery storage project Oct 23,  &#; Croatia is moving forward with its largest grid-scale battery energy storage project thanks to a new investment from the European Bank for Reconstruction and Development Croatian IE-Energy plans virtual network of smart battery storage Oct 10,  &#; The project, valued at 60 million, marks the first step toward creating a virtual network of battery storage systems that would connect producers and consumers of EBRD backs Croatia first large-scale battery storage plant Oct 30,  &#; EBRD plans to invest up to EUR16.8 million in IE-Energy Projekt, focused on developing a battery energy storage system. Croatia looks to fund 20MWh of energy Apr 19,  &#; In April, Croatia and its neighbour Slovenia started a trial project looking at how a five-hour duration battery storage system could increase grid flexibility in both countries, in another EU-financed project. Croatia first grid-scale battery storage and virtual power plant Oct 22,  &#; The European Bank for Reconstruction and Development (EBRD) is providing a direct equity investment of up to EUR16.8 million in IE-Energy Projekt, a newly established EBRD invests EUR16.8mn in Croatia's first large-scale battery storage Oct 23,  &#; The EBRD's direct equity investment will go to IE-Energy Projekt, a newly established joint-stock company developing the greenfield battery energy storage system Croatia first grid-scale battery storage and virtual power plant Oct 22,  &#; The European Bank for Reconstruction and Development (EBRD) is providing a direct equity investment of up to EUR16.8 million in IE-Energy Projekt, a newly established Croatia looks to fund 20MWh of energy storage projects Apr 19,  &#; In April, Croatia and its neighbour Slovenia started a trial project looking at how a five-hour duration battery storage system could increase grid flexibility in both countries, in EBRD invests EUR16.8mn in Croatia's first large-scale battery storage Oct 23,  &#; The EBRD's direct equity investment will go to IE-Energy Projekt, a newly established joint-stock company
