

## How big a battery can be placed in the a32 battery cabinet

---

How to remove battery from Samsung Galaxy A32 5G? Fold the display flex cable towards the charging port in order to get free access to the battery. You might want to use a small piece of tape to temporarily stick the cable onto your working surface to avoid accidentally damaging it during the battery removal. The battery adhesive of the Samsung Galaxy A32 5G is strong. How to remove midframe on Samsung Galaxy A32 5G? The midframe of the Samsung Galaxy A32 5G is held in place by plastic clips. Insert an opening pick between the midframe and front panel assembly on the left edge of the phone where the SIM tray slot is located. The plastic clips of the midframe are sitting in place tightly. Releasing them might require some force. How do you attach a battery to a frame? Insert an opening pick into the gap between the edge of the battery and the frame. Slide the tip of your opening pick underneath the edge of the battery. Slide the opening pick along the edge of the battery to slice its adhesive and to widen the gap between battery and frame.
