

Poland portable outdoor communication power supply BESS price

Is Poland moving towards battery energy storage systems (BESS)? As expected, Poland's latest capacity market auctions have highlighted a significant shift towards the battery energy storage systems (BESS) beside the fact that the de-rating factor has been significantly decreased. How many BESS applications have been received in Poland? The continued interest of BESS developers in the Polish markets was recently highlighted by a staggering number of applications in the 1 billion EUR subsidy scheme. A total of 630 applications were received for 20 GW and 122 GWh of BESS, exceeding the program's budget sevenfold. Should BESS invest in the Polish capacity market? Moreover, preferential or market loans could finance up to 100% of eligible costs. This optimism is at the same time being overshadowed by the capacity market developments. Until recently, the Polish capacity market provided a very attractive source of stable revenues for BESS, offering 17-year contracts. What changes have happened to Polish markets relevant to BESS? Notable changes occurred to other Polish markets relevant to BESS. On July 11th, Polish TSO, PSE, officially joined the European PICASSO platform for the exchange of automatic Frequency Restoration Reserves (aFRR).
