

## solar inverter shipments and rankings

To view the full shipment rankings of top global manufactures, as well as regional and product-category rankings, please refer to the 'Global solar inverter and module-level power electronics market share' report, accessible [here](#). Global PV inverter shipments grew by 56% to 536 gigawatts alternating current (GWac) in , reflecting a strong year for the broader solar industry. The top 10 global PV inverter vendors accounted for 81% of the market, according to Wood Mackenzie's 'Global solar inverter and module-level power PVTIME - On 10 June , the PVBL Global Top 100 Solar Brands rankings and the PVBL Global Solar Brand Influence Report were unveiled at the 10th Century Photovoltaic Conference in Shanghai, China. During the conference, PVBL announced its annual ranking of the top 20 global solar For the tenth consecutive year, two manufacturers ranked first and second in Wood Mackenzie's global inverter shipment rankings -- with the pair accounting for 55% of the global inverter market in . While Europe and the United States both saw a decline in inverter shipments in , growth in For the first time in Wood Mackenzie's 10 years of inverter market rankings, no vendor beyond the top two achieved more than 5% market share. Global PV inverter shipments grew by 10% to 589 gigawatts alternating current (GWac) in , according to Wood Mackenzie's Global Solar Inverter Market In , Huawei had the largest PV inverter market shipments worldwide, accounting for some 29 percent of the market. Huawei was followed by Sungrow Power Supply and Ginlong Solis in the second and third position respectively, based on shipments. Get notified via email when this statistic is Wood Mackenzie, a globally recognized research institution for energy and natural resource markets, has officially released the Global PV Inverter Shipment Rankings. AISWEI, Solplanet's parent company, secured sixth position in total global shipments, achieving the highest year-on-year growth Top 20 Global Solar Inverter Brands The rankings assess not only market performance and financial metrics, but also innovation capability, social responsibility, and sustainable development, reflecting the industry's future trajectory towards tech-driven Top Solar Inverter Shippers RevealedFor the tenth consecutive year, two manufacturers ranked first and second in Wood Mackenzie's global inverter shipment rankings -- with the pair accounting for 55% of the global inverter market in . Huawei, Sungrow Held 55% of Global Inverter Global PV inverter shipments grew by 10% to 589 gigawatts alternating current (GWac) in , according to Wood Mackenzie's Global Solar Inverter Market Share Report . The research placed Huawei PV inverter market share globally by shipmentsIn , Huawei had the largest PV inverter market shipments worldwide, accounting for some 29 percent of the market. Huawei was followed by Sungrow Power Supply and Ginlong Solis in the AISWEI, Parent Company of Solplanet, Tops Global Residential Leveraging its long-term expertise in the residential segment, AISWEI claimed the top spot in global residential string inverter shipments. In the commercial and industrial (C& I) Global PV inverter shipments grew by 56% in to 536 GWacTo view the full shipment rankings of top global manufactures, as well as regional and product-category rankings, please refer to the 'Global solar inverter and module-level Top 20 Global Solar Inverter Brands Revealed by PVBLThe rankings assess not only market performance and financial metrics, but also innovation capability,

## solar inverter shipments and rankings

social responsibility, and sustainable development, reflecting the Top Solar Inverter Shippers Revealed. For the tenth consecutive year, two manufacturers ranked first and second in Wood Mackenzie's global inverter shipment rankings -- with the pair accounting for 55% of the global inverter market. Huawei, Sungrow Held 55% of Global Inverter Market in : Global PV inverter shipments grew by 10% to 589 gigawatts alternating current (GWac) in , according to Wood Mackenzie's Global Solar Inverter Market Share Report. PV inverter market share globally by shipments | Statista. In , Huawei had the largest PV inverter market shipments worldwide, accounting for some 29 percent of the market. Huawei was followed by Sungrow Power Supply and AISWEI, Parent Company of Solplanet, Tops Global Residential Inverter. Leveraging its long-term expertise in the residential segment, AISWEI claimed the top spot in global residential string inverter shipments. In the commercial and industrial (C& I) Top 5 solar inverter suppliers accounted for 71% of shipments in Huawei, Sungrow, Ginlong, Solis, Growatt, and GoodWe emerged as the top solar inverter vendors in , driving a significant portion of the year's 330 GW (AC) of global Top 10 solar PV inverter vendors account for 86% of global. The top 10 global solar photovoltaic (PV) inverter vendors accounted for 86% of market share in , increasing by 4% year-over-year since , according to latest Top 10 Solar Inverter Manufacturers in the World. In this article, we will deeply analyze the market performance and advantageous products of the world's top ten inverter manufacturers. Global Top 10 Inverter Manufacturers Global solar PV inverter shipments | Statista. Since , inverter shipments worldwide have increased by almost 480 gigawatts. Huawei, Sungrow Power Supply, and Ginlong Solis are some of the largest inverter. Global PV inverter shipments grew by 56% in to 536 GWac. To view the full shipment rankings of top global manufactures, as well as regional and product-category rankings, please refer to the 'Global solar inverter and module-level Global solar PV inverter shipments | Statista. Since , inverter shipments worldwide have increased by almost 480 gigawatts. Huawei, Sungrow Power Supply, and Ginlong Solis are some of the largest inverter.
